Agreement

1. DEFINITIONS

1.1 “Adopter” means Adopting Party and any party that has entered into or later enters into an Adopters Agreement and delivered it to the Secretary during the Adoption Period.

1.2 “Adopters Agreement” means an agreement entered into by any party and the Promoters containing terms substantially similar to this Agreement.

1.3 “Adoption Period” for any given Adopter means any time prior to the later of the date one (1) year after: (i) the public release date of the Final Specification, or (ii) the first sale by such Adopter of a product that includes a Compliant Portion.

1.4 “Affiliate” means any entity that is directly or indirectly controlled by, under common control with or that controls the subject party. For purposes of this definition control means direct or indirect ownership of or the right to exercise (a) at least fifty percent (50%) of the outstanding shares or securities entitled to vote for the election of directors or similar managing authority of the subject entity; or (b) at least fifty percent (50%) of the ownership interest representing the right to make the decisions for the subject entity.

1.5 “Compliant Portion” means only those specific portions of products (hardware, software or combinations thereof) that i) implement and are compliant with all relevant portions of the Final Specification, and ii) are within the bounds of the Scope.

1.6 “Final Specification” means the USB 2.0 Specification as adopted and published by the Promoters.

1.7 “Necessary Claims” means claims of a patent or patent application that (a) are owned or controlled by a party or its Subsidiaries now or at any future time during the term of this agreement; and (b) are necessarily infringed by implementing those portions of the Final Specification within the bounds of the Scope, wherein a claim is necessarily infringed only when: (i) it is not possible to avoid infringing it because there is no commercially plausible non-infringing alternative for implementing such portions of the Final Specification within the bounds of the Scope; or (ii) it reads on an implementation example included in the Final Specification. Notwithstanding the foregoing sentence, Necessary Claims do not include any claims (x) other than those set forth above even if contained in the same patent as Necessary Claims; (y) that read solely on any implementations of any portion of the Final Specification that are not within the bounds of the Scope; or (z) that, if licensed, would require a payment of royalties by the licensor to unaffiliated third parties.

1.8 “Promoters” means each company that has signed a USB 2.0 Specification Promoters Agreement and its Affiliates.

1.9 “Scope” means the protocols, electrical signaling characteristics, mechanical requirements for connectors and cabling, and firmware descriptors solely to the extent disclosed with particularity in the Final Specification where the sole purpose of such disclosure is to enable products to interoperate, interconnect or communicate as defined within the Final Specification. Notwithstanding the foregoing, the Scope shall not include (a) any enabling technologies that may be necessary to make or use any product or portion thereof that complies with the Final Specification, but are not themselves expressly set forth in the Final Specification (e.g., semiconductor manufacturing technology, compiler technology, object oriented technology, basic operating system technology, etc.); or (b) the implementation of other published specifications developed elsewhere but referred to in the body of the Final Specification; or (c) any portions of any product and any combinations thereof the sole purpose or function of which is not required for compliance with the Final Specification.

1.10 “Secretary” means the party identified by the Promoters as the secretary for the Final Specification.

1.11 “Trademarks” shall have the meaning assigned in Section 3.1.

2. LICENSES

2.1 Limited Patent Licensing Obligation.

(a) To Adopter. Effective upon adoption by the Promoters of the Final Specification and receipt by the Secretary of a fully executed original of this Agreement during the Adoption Period, the Promoters and their Affiliates hereby agree that they will grant to Adopting Party and its Affiliates, (collectively “Licensee”) a nonexclusive, worldwide license under their Necessary Claims solely to make, have made, use, import offer to sell, sell and otherwise distribute and dispose of Compliant Portions; provided that such li-

license need not extend to any part or function of a product in which a Compliant Portion is incorporated that is not itself part of the Compliant Portion. Such license shall be granted on a royalty-free basis and under otherwise reasonable and non-discriminatory terms, provided that such license grant may be conditioned upon Licensee's grant of a reciprocal license binding Licensee.

(b) By Adopter. Effective upon adoption by the Promoters of the Final Specification, Adopting Party and its Affiliates hereby agrees that it will grant to each of the Promoters and all Adopters and their respective Affiliates (also collectively "Licensee"), a non-exclusive, worldwide license under its Necessary Claims solely to make, have made, use, import offer to sell, sell and otherwise distribute and dispose of Compliant Portions; provided that such license need not extend to any part or function of a product in which a Compliant Portion is incorporated that is not itself part of the Compliant Portion. Such license shall be granted on a royalty-free basis and under otherwise reasonable and non-discriminatory terms, provided that such license grant may be conditioned upon Licensee's grant of a reciprocal license binding Licensee.

2.2 Copyright License. Effective upon adoption by the Promoters of the Final Specification, the Promoters hereby grant to Adopting Party and its Affiliates who agree to be bound to this Agreement a nonexclusive, royalty-free, non-transferable, non-sublicenseable, worldwide, perpetual copyright license to the Final Specification to reproduce the Final Specification as necessary in order to exercise the patent rights granted in Section 2.1(a), provided that all reproductions thereof shall include any copyright notices and disclaimers contained in the Final Specification.

3. TRADEMARKS

3.1 Nonassert. Adopter hereby agrees not to assert against any Promoter or other Adopter any trademark, trade name, or similar rights it may have now or hereafter in the names "Universal Serial Bus", "USB", or "USB 2.0" (collectively "Trademarks").

3.2 Obligation to Use Trademarks. Adopter is not obligated to use any of the Trademarks on any product, advertising, or on any other material in any manner.

3.3 Use of the Trademarks. Adopter agrees that, to the extent it uses the Trademarks, it shall only use the Trademarks to label and promote products in which all included features and functions reasonably capable of being implemented as Compliant Portions have been so implemented. Adopter shall not use or adopt any trademarks for any product, service or specification likely to cause confusion with the Trademarks.
