USB-IF Product Order Form

Please use the following information to select the test hardware from the USB-IF eStore.

**Low-speed Functional Compliance Test Device**
The LS Functional Compliance Test Device is used by high-speed hub vendors to validate transaction translators.

Please use product code **USBLSTD** to order.
Member Price: $90.00  Non-Member Price: $110.00

**Full-speed Functional Compliance Test Device**
The FS Functional Compliance Test Device is used by high-speed hub vendors to validate transaction translators.

Please use product code **USBFSTD** to order.
Member Price: $250.00  Non-Member Price: $300.00

**USB 3.0 xHCI-based PDK for SuperSpeed USB**
The USB 3.0 xHCI-based Peripheral Development Kit (PDK) provides a host-side solution. It is intended to assist companies who are developing peripherals. This kit ships with a 1-meter SuperSpeed USB cable to be used in conjunction with the PDK.

Please use product code **USB3PDK_FL** to order the Fresco Logic host-side solution.
Member Price: $800.00  Non-Member Price: $1000.00 - NOT accepting new orders at this time

Please use product code **USB3PDK_REN** to order the Renesas host-side solution.
Member Price: $800.00  Non-Member Price: $1000.00

**USB 3.0 Electrical Test Fixture Kit**
The USB 3.0 Electrical Test Fixture Kit provides a worst case, ISI hardware channel for PHY’s. It is intended to assist companies in testing transmitter signal quality and receiver sensitivity for either hosts or peripherals. This kit ships with the necessary cables to be used in conjunction with the fixtures.

Please use product code **USB3ET** to order.
Member Price: $700.00  Non-Member Price: $950.00

**USB 3.0 Cable Kit**
The USB 3.0 Cable Kit provides five (5) SuperSpeed USB (USB 3.0) cables:
- Standard A to Standard B, 3 meter
- Standard A to Micro B, 1 meter
- Standard A to Standard B, 8 inch
- Standard A to Standard B, 4 inch
- Standard A to Micro B, 4 inch

Please use product code **USB3CABLES** to order.
Member Price: $150.00  Non-Member Price: $200.00

**USB 2.0 Link Power Management (LPM) Peripheral Development Kit (PDK) - NOT accepting new orders at this time**
The USB 2.0 Link Power Management (LPM) Peripheral Development Kit (PDK) provides a host-side solution. It is intended to assist companies who are developing USB peripherals with the LPM feature.

Please use product code **LPM_PDK** to order.
Member Price: $800.00  Non-Member Price: $1000.00
USB 2.0 / 3.0 Drop-Droop Fixture
The USB 2.0 / 3.0 Drop-Droop Fixture is intended to assist companies in testing voltage drop and droop levels for hosts or hubs. The cables required to be used in conjunction with the fixture are included.

Please use product code USB2/3_DD to order.
Member Price: $450.00       Non-Member Price: $500.00

Over Current Test Fixture
The over-current test fixture can be used to test and trigger current fault protection on a USB port by creating an over-current condition. The fixture is capable of drawing a variable load from 300mA to 1.8A and also includes a safety shut down to prevent overheating.

Please use product code USBOVER to order.
Member Price: $350.00       Non-Member Price: $450.00

USB 2.0 Hi-Speed Signal Quality Test Fixture Set
The USB 2.0 Hi-Speed Signal Quality Test Fixtures are used for testing signal quality of hi-speed hosts and peripherals. The fixtures eliminate the need for probes and require quality SMA cables for direct connection to the scope. The fixtures include USB cables but do not include SMA cables.

Please use product code USB2SIGQUAL to order.
Member Price: $650.00       Non-Member Price: $900.00

THE SALE OF PRODUCTS AND TESTING COMPONENTS THROUGH THIS ORDER FORM DOES NOT IMPLY SUCH PRODUCTS AND TESTING COMPONENTS ARE CERTIFIED AND/OR ENDORSED BY USB-IF. THESE PRODUCTS ARE FOR TESTING PURPOSES ONLY AND NOT FOR RESALE.
Purchasing/Return Policy

If you wish to purchase products described on the usb.org web site, you will be asked to supply certain information, including but not limited to credit card or other payment information. You agree all information you provide to the USB-IF will be accurate, complete and current. You agree to pay all charges incurred by authorized users of your account and credit card or other payment mechanism at the prices in effect when such charges are incurred. You will also be responsible for paying any applicable taxes, and shipping and handling charges relating to your purchases.

Non-Defective Products
We will not accept returns on non-defective products.

Defective Products
Defective products may be returned for either exchange or repair (at the discretion of the USB-IF) within 30 days from the shipment date.

No defective product will be accepted without a return authorization (RA) number. To request a RA number, please contact a USB-IF Customer Service Specialist; please see the contact information below. RA numbers are valid for ten business days after issue. Your RA number(s) must appear clearly on the shipping label of the return shipment. Affix a label to the box: PLEASE DO NOT MARK THE BOX ITSELF IN ANY WAY.
