

USB-IF Product Order Form

Please use the following information to select the test hardware from the USB-IF eStore.

USB 3.1 (10 GT/s) Type-C™ Electrical Test Fixture Kit

The USB 3.1 USB (10 GT/s) Type-C Electrical Test Fixture Kit provides a worst case, ISI hardware channel for PHY's. It is intended to assist companies in testing transmitter signal quality and receiver sensitivity for either hosts or peripherals. The current kit contains sixteen test fixtures, 1 meter Type-C to cable, 2 meter Type-C cable, one 5 Volt DC power supply.

Due to high demand each company is allowed a maximum order of two (2) kits at this time.

Please use product code **USB31CET** to order.

Member Price: \$2400.00 Non-Member Price: \$2900.00

USB 3.1 (10 GT/s) Type-A and Micro-B Electrical Test Fixture Kit

The USB 3.1 (10 GT/s) USB Type-A and Micro-B Electrical Test Fixture Kit provides a worst case, ISI hardware channel for PHY's. It is intended to assist companies in testing transmitter signal quality and receiver sensitivity for either hosts or peripherals. The kit contains fifteen test fixtures, 1 meter Standard-A to Micro-B cable, one 5 Volt DC power supply to provide V-Bus to peripherals, and a jumper (for two pin header).

Due to high demand each company is allowed a maximum order of two (2) kits at this time.

Please use product code **USB31AET** to order.

Member Price: \$1800.00 Non-Member Price: \$2200.00

Low-speed Functional Compliance Test Device

The LS Functional Compliance Test Device is used by high-speed hub vendors to validate transaction translators.

Please use product code **USBLSTD** to order.

Member Price: \$90.00 Non-Member Price: \$110.00

Full-speed Functional Compliance Test Device

The FS Functional Compliance Test Device is used by high-speed hub vendors to validate transaction translators.

Please use product code **USBFSTD** to order.

Member Price: \$250.00 Non-Member Price: \$300.00

USB 3.0 Electrical Test Fixture Kit

- OUT OF STOCK

The USB 3.0 Electrical Test Fixture Kit provides a worst case, ISI hardware channel for PHY's. It is intended to assist companies in testing transmitter signal quality and receiver sensitivity for either hosts or peripherals. This kit ships with the necessary cables to be used in conjunction with the fixtures.

Please use product code **USB3ET** to order.

Member Price: \$700.00 Non-Member Price: \$950.00

USB 2.0 Hi-Speed Signal Quality Test Fixture Set - **OUT OF STOCK**

The USB 2.0 Hi-Speed Signal Quality Test Fixtures are used for testing signal quality of hi-speed hosts and peripherals. The fixtures eliminate the need for probes and require quality SMA cables for direct connection to the scope. The fixtures include USB cables but do not include SMA cables.

Please use product code **USB2SIGQUAL** to order.

Member Price: \$650.00 Non-Member Price: \$900.00

Purchasing/Return Policy

If you wish to purchase products described on the usb.org web site, you will be asked to supply certain information, including but not limited to credit card or other payment information. You agree all information you provide to the USB-IF will be accurate, complete and current. You agree to pay all charges incurred by authorized users of your account and credit card or other payment mechanism at the prices in effect when such charges are incurred. You will also be responsible for paying any applicable taxes, and shipping and handling charges relating to your purchases.

Non-Defective Products

We will not accept returns on non-defective products.

Defective Products

Defective products may be returned for either exchange or repair (at the discretion of the USB-IF) within 30 days from the shipment date.

No defective product will be accepted without a return authorization (RA) number. To request a RA number, please contact a USB-IF Customer Service Specialist; please see the contact information below. RA numbers are valid for ten business days after issue. Your RA number(s) must appear clearly on the shipping label of the return shipment. Affix a label to the box: **PLEASE DO NOT MARK THE BOX ITSELF IN ANY WAY.**
