Dear Fellow Contributor,

This letter ("Amendment Letter") is to inform you that the Wireless USB Promoters are developing an addendum to the Wireless USB Specification designated "Wireless USB Specification Version 1.1". This letter is also to provide you an opportunity to participate in the development of Wireless USB Specification Version 1.1 or other possible future supplements.

Please note that the Wireless USB Specification Version 1.1 will exceed the scope of the Wireless USB Specification developed pursuant to the Wireless USB Contributors Agreement (the "Contributors Agreement"). Contributors may amend their Contributors Agreement to expand its scope by signing and returning this Amendment Letter to the address below. **Execution of this Amendment Letter is a necessary prerequisite to participation in the development of the Wireless USB Specification Version 1.1 or other possible future supplements.**

Upon receipt by the Secretary of a fully executed original of this Amendment Letter with the signature of your authorized representative below, the Contributor identified in this Amendment Letter agrees that its Contributors Agreement is hereby modified as follows:

- 1) All terms and conditions of the Contributors Agreement remain in full force and effect and apply to this Amendment Letter, unless specifically modified below. Capitalized terms not defined herein shall have the meanings given them in the Contributors Agreement.
- 2) For the purposes of this Amendment Letter, Contributions include submissions proposing any additions to or modifications of any versions of the Wireless USB Specification.
- 3) The Contributor hereby agrees to grant, and further agrees to cause its Affiliates to grant, to each Promoter and to each other Contributor that executes a counterpart substantially equivalent to this Amendment Letter a license under its copyrights in its Contributions to reproduce, distribute, display, perform, and create derivative works of the Wireless USB Specification Version 1.1 or other possible future supplements or derivative works thereof.
- 4) The Contributor hereby agrees to convey, and further agrees to cause its Affiliates to convey, to each Promoter the copyrights to its Contributions to the same extent as copyrights to the Final Specification conveyed under Section 3.2 of the Contributors Agreement.
- 5) The Contributor hereby agrees to grant, and further agrees to cause its Affiliates to grant, to the Promoters and any Adopter that executes a corresponding "Wireless USB Specification Supplements" amendment letter to its Wireless USB Adopter Agreement (and their respective Affiliates), license rights to its Contributions to the same extent as license rights to its Contributions to the Final Specification granted under Section 3 of the Contributors Agreement.

Sincerely,

Jeff Ravencraft
