Agreement

1. DEFINITIONS

1.1 “Adopter” means any entity that has executed a copy of the Adopters Agreement within the Adoption Period and delivered it to the Secretary.

1.2 “Adopters Agreement” means an agreement entered into by any party and the Promoters containing terms substantially similar to this Agreement.

1.3 “Adoption Period” for any given Adopter means any time prior to the later of the date one (1) year after: (i) the public release date of a Final Specification, or (ii) the first sale by such Adopter of a product that includes a Compliant Portion; or (iii) a date set upon vote of at least two-thirds (2/3) of the Promoters.

1.4 “Affiliate” means any entity that is directly or indirectly controlled by, under common control with or that controls the subject party. For purposes of this definition control means direct or indirect ownership of or the right to exercise (a) greater than fifty percent (50%) of the outstanding shares or securities entitled to vote for the election of directors or similar managing authority of the subject entity; or (b) greater than fifty percent (50%) of the ownership interest representing the right to make the decisions for the subject entity; provided, however, that in each case such entity shall be deemed to be an Affiliate only so long as such ownership or control exists and is more than fifty percent (50%).

1.5 “Compliant Portion” means only those specific portions of products (hardware, software or combinations thereof) that implement and to the extent they are compliant with a Final Specification (as applicable to such portions), provided that such portions are within the bounds of the Scope.

1.6 “Final Specification” means any version of a Draft Specification as adopted and published by the Promoters. For purposes of this definition, a Final Specification shall not include any implementation examples unless such implementation examples are expressly identified as being included as part of the limited patent license in such Final Specification as adopted.

1.7 “Necessary Claims” means claims of a patent or patent application that (a) are owned or controlled by a party, now or at any future time; and (b) are necessarily infringed by implementing those portions of a Final Specification within the bounds of the Scope, wherein a claim is necessarily infringed only when it is not possible to avoid infringing it because there is no commercially reasonable non-infringing alternative for implementing such portions of a Final Specification within the bounds of the Scope. Notwithstanding the foregoing sentence, Necessary Claims do not include any claims (x) other than those set forth above even if contained in the same patent or patent application as Necessary Claims; (y) that read solely on any implementations of any portion of a Final Specification that are not within the bounds of the Scope; or (z) that, if licensed, would require consent from, and/or a payment of royalties by the licensor to, unaffiliated third parties.

1.8 “Promoters” means each company that has executed a USB Specification Promoters Agreement and its Affiliates.

1.9 “Scope” means, with regard to a Final Specification, the protocols, electrical signaling characteristics, mechanical requirements for connectors and cabling, and firmware descriptors and device and driver architectures, solely to the extent disclosed with particularity in a Final Specification where the sole purpose of such disclosure is to enable products to interoperate, interconnect or communicate as defined within a Final Specification. Notwithstanding the foregoing, the Scope shall not include (i) any enabling technologies that may be necessary to make or use any product or portion thereof that complies with a Final Specification, but are not themselves expressly set forth in a Final Specification (e.g., semiconductor manufacturing technology, compiler technology, object oriented technology, operating system technology, etc.); or (ii) the implementation of published specifications other than a Final Specification, whether or not referenced in a Final Specification, developed outside of this Agreement but referred to in the body of a Final Specification; or (iii) any portions of any product and any combinations thereof the sole purpose or function of which is not required for compliance with a Final Specification.

1.10 “Secretary” means the party identified by the Promoters as the secretary for a Final Specification.

1.11 “Trademarks” shall have the meaning assigned in Section 3.1.

2. LICENSES

2.1 Limited Patent Licensing Obligation.

(a) To Adopter. Effective upon adoption by the Promoters of the Final Specification and receipt by the Secretary of a fully executed original of this Agreement during the Adoption Period, the Promoters and their Affiliates hereby agree that they will grant to Adopting Party and its Affiliates, (collectively “Licensee”) a nonexclusive, worldwide license under their Necessary Claims solely to make, have made, use, import offer to sell, sell and otherwise distribute and dispose of Compliant Portions; provided that such license need not extend to any part or function of a product in which a Compliant Portion is incorporated that is not itself part of the Compliant Portion. Such license shall be granted on a royalty-free basis and under otherwise reasonable and non-discriminatory terms, provided that such license grant may be conditioned upon Licensee’s grant of a reciprocal license binding Licensee.

(b) By Adopter. Effective upon adoption by the Promoters of the Final Specification, Adopting Party and its Affiliates hereby agrees that it will grant to each of the Promoters and all Adopters and their respective Affiliates (also collectively “Licensee”), a nonexclusive, worldwide license under its Necessary Claims solely to make, have made, use, import offer to sell, sell and otherwise distribute and dispose of Compliant Portions; provided that such license need not extend to any part or function of a product in which a Compliant Portion is incorporated that is not itself part of the Compliant Portion. Such license shall be granted on a royalty-free basis and under otherwise reasonable and non-discriminatory terms, provided that such license grant may be conditioned upon Licensee’s grant of a reciprocal license binding Licensee.

2.2 Copyright License. Effective upon adoption by the Promoters of the Final Specification, the Promoters hereby grant to Adopting Party and its Affiliates who agree to be bound to this Agreement a nonexclusive, royalty-free, non-transferable, non-sublicenseable, worldwide, perpetual copyright license to the Final Specification to reproduce the Final Specification as necessary in order to exercise the patent rights granted in Section 2.1(a), provided that all reproductions thereof shall include any copyright notices and disclaimers contained in the Final Specification.

2.3 Non-Circumvention. Adopter agrees (i) that neither it nor any Affiliate has transferred patents nor granted exclusive licenses having Necessary Claims, and (ii) that it will not transfer patents or grant exclusive licenses having Necessary Claims, and (iii) that it will cause its Affiliates to refrain from transferring patents or granting exclusive licenses having Necessary Claims, for the purpose of circumventing such Adopter’s obligations under this Agreement.

3. TRADEMARKS

3.1 Nonassert. Adopter hereby agrees not to assert, and shall cause its Affiliates not to assert, against any Promoter or its Affiliates or Adopter or its Affiliates any trademark, trade name, or similar rights it may have now or hereafter in the names “Universal Serial Bus” or “USB” or “USB4” (collectively “Trademarks”).

3.2 Obligations to Use Trademarks. Adopter is not obligated to use any of the Trademarks on any product, advertising, or on any other material in any manner.

3.3 Use of the Trademarks. Adopter agrees that, to the extent it uses the Trademarks, it shall only use the Trademarks to label and promote products in which all included features and functions reasonably capable of being implemented as Compliant Portions have been so implemented. Adopters shall not use or adopt any trademarks of any product, service or specification likely to cause confusion with the Trademarks.

4. WITHDRAWAL

4.1 Conditions for Withdrawal. An Adopters may withdraw from participation and terminate this Agreement at any time upon giving twenty one (21) days notice to the Secretary.

4.2 Effect of Withdrawal. The license grant committed to and by Adopter as defined in Section 2 above shall remain in effect for the (i) Final Specification, and (ii) any update or alteration to the Final Specification where more than twenty one (21) days has elapsed following Adopter's receipt of notice from Promoters to Adopter of an adoption of such update or alteration to a Final Specification and prior to Adopter giving the notice set forth in Section 4.1 above. If an Adopter gives the notice required in Section 4.1 prior to the end of the twenty one (21) day period following the notice of an adoption of an update or alteration of the Final Specification, the license grant committed to and by Adopter in Section 2 above, in regards to such update or alteration shall be entirely null and void as though never committed.

5. GENERAL

5.1 Effective Date. This Agreement shall become effective when the Secretary receives an original, fully executed copy hereof.

5.2 No Other Licenses. Except for the rights expressly provided by this Agreement, no Promoter or Contributor grants or receives, by implication, or estoppel, or otherwise, any rights under any patents or other intellectual property rights.
